

Self-help Guide for MOODLE Users

Generate Analytics Graphs

You can generate the following analytics graphs:

- Grades chart
- Content accesses
- · Number of active students
- Assignment submissions
- Turnitin submissions
- Hits distribution

Select "Reports" in the course administration page.

According to your needs, you can generate different analytics graphs

You are able to download the chart in different format by clicking the button at the top right of the each chart.(excluding Hits distribution)

	Grades of	hart
	Assessment distribution	0
73		Reflective Journal (Final) \times
o: Grades		Number of grades: 38 Lowest grade: 0.27 Highest grade: 0.08 32 Dedects with grades interior
	-	or equal to 60 (25%) - <u>13 (30/devta</u> with grades intertor or equal to 73 (30%) - 23 (30%)
	Refective journal (Final) Assessments	or equal to 60 (75%)
