From the **"Potential members"** panel, select students that you would like to add to the group.

Click "Add"

Please note that teachers and teaching assistants are not required to be added to a group.

Restricting access of an activity or resources

To be able to restrict an activity, resource or course topic to a group, Restrict access must be enabled. This will result in a 'Restrict access' section in the activity, resource or topic settings and a group restriction can then be added.
